

FIVE SERIES

MODEL VS-NEO NEO-ANGLE DOOR

FEATURES -

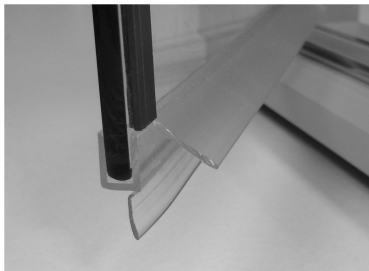

- Pivoting panel between two neo-angle fixed panels for use on tiled or fabricated shower.
- Semi-frameless 5 mm (3/16") tempered safety glass throughout with polished edges on swing door.
- Anodized aluminum extrusions with built-in adjustment for out of square walls.
- Corrosion resistant stainless steel screws & fasteners.
- 69-3/16" standard height. Custom height available.

Continuous hinge rail system providing superior water retention and greater durability... won't leak, rust or stiffen.

Full length magnetic closure system securely closes and seals door.

Triple water protection, featuring a low profile one piece drip deflector with clear vinyl sweep, and a low profile water dam.

Sleek and stylish convex header.

VS-NEO-Q on fabricated base
