Honeywell Home

Honeywell Home

Thoughtfully designed. Expertly engineered.

THE HONEYWELL HOME T SERIES

Fits your business to a T.

As an HVAC contractor, you serve a broad range of customers with unique needs. That's why we've expanded the T Series – so you can serve even more customers with more **customized solutions.**

A thermostat series designed with **CONTRACTORS IN MIND**

Intuitive setup

Fits your technicians to a **T**

Every T Series thermostat features on-screen menus with familiar installer setup (ISU) steps, helping to eliminate the learning curve that can come with a new product. Your techs will be T Series experts in no time.

Faster installs

Fits your install process to a **T**

With the UWP mounting system, you can standardize your training program, install process, and truck stock – helping your techs get in and out and on their way more quickly and efficiently.

Easy upsell

Fits your revenue model to a **T**

The T Series has a snap-together design that enables you to easily move customers from a non-connected to a connected thermostat without having to rip and replace the connector and cover plate.*

*C-wire required

Discover all the ways the Honeywell Home T Series fits your business to a T. Get product info, training materials and more at resideo.com/TSeries.

DELIVER CONNECTIVITY without the complexity

Consumers want a connected experience that streamlines and simplifies home comfort. The T10+ Smart Thermostat Kit with RedLINK® 3.0 and T6 Pro Smart Thermostat will fit their needs to a T. They're easy to use, easy to love, and best of all, easy for your techs to install and set up.

Smart Features

Flexible comfort control

T10+ Smart Thermostat Kit with RedLINK® 3.0 allows homeowners to prioritize comfort in the rooms that matter most, using time-based scheduling, motion detection or geofencing. The T6 Pro Smart allows homeowners to customize comfort using geofencing or scheduling.

Seamless smart home integration

The T10+ Smart and T6 Pro Smart seamlessly integrate with smart home partners like Google Assistant and Amazon Alexa for customers who want to control all their smart home devices with voice commands or a single app.

Simple Functionality

Familiar installer setup

Technicians can configure the T10+ Pro Smart and T6 Pro Smart and connect to WiFi right on the device – making installation quick and easy.

Intuitive operation

Homeowners can choose to do scheduling on the thermostat, or they can use the highly rated Resideo app.

Optional IAQ control

With the T10+ Smart Thermostat Kit with RedLINK®3.0, you can control humidification, dehumidification and ventilation, and with both the T10+ and T6 Pro you can choose optional control and duel fuel.

T6 Pro Smart and T10+ Smart work with
