

**HOW TO ADD A TUB SPOUT TO THE DUAL FUNCTION GROHFLEX (W/ SHOWER HEAD
AND HANDSHOWER**

To add a tub spout to the dual function Grohflex (either PBV or Thermostatic), plumb the hand shower connection from the top of the Grohflex valve. The from the bottom, plumb down into the ½" inlet on a Twin Ell (03671000). From the ¾" outlet on the twin Ell go into a Diverter tub spout. From the ½" outlet on the Twin Ell go up to the shower head.

Parts required:

**03671000 Twin Ell
Diverter Tub spout**
